Evangelism for the 21st Century GRANT APPLICATION 2008-2009

Guidelines

The Society especially encourages projects that:

- Raise up lay and ordained ministers to bring new evangelical vigor to parish churches
- Help believers understand and articulate the Christian faith and to live accordingly
- Foster fresh initiatives and methodologies in evangelism and education
- Connect the academic world of the seminaries to the work carried out by lay and ordained ministers in other communities
- May result in pilot programs or models that others can adopt or adapt
- State clearly how funds will be used and how the project's results can be evaluated
- Present well-defined goals

The Society is unlikely to approve funding of:

- equipment
- income replacement for sabbatical projects
- programs already in place

The Society will fund reasonable living costs for the duration of a project.

Eligibility

All Episcopal students, faculty, administration, staff and their spouses or partners at schools accredited by the Association of Theological Schools are eligible to apply for these grants.

Application

To apply for a grant for the 2008-2009 academic year, complete and submit the application online (office@ees1862.org) and a hard copy with signatures by mail to the Evangelical Education Society, postmarked no later than February 4, 2008.

Approvals: The hard copy of your application must include approval and signature by your Seminary Dean or other authority designated by the Dean. The application must also be approved and signed by your Rector or designated authority where the proposed project will take place (if applicable).

Selection

Applications are approved at the Spring meeting of the Board of Directors, usually in April or early May. Applicants are notified immediately. Grant recipients will be provided a Board member contact for consultation throughout the project.

Disbursement

Grants are paid in installments according to the approved grant budget. Normally, the initial payment of 40% of the total is paid in September; 30% upon receipt of a mid-grant report; and 30% upon receipt of a final report and accounting of expenditures. This schedule may be adjusted according to the timing of the project for which the award is made, and many projects are begun in the summer immediately following notification of the award. An accounting of funds spent with receipts for all expenditures over \$500 is also required.
